President's Message:

Dear Fellow Dover Lions-

Our Chicken Fry for 2006 is history! What a great time we had working together as fellow Lions. It was a lot of hard work, but it is always an enjoyable time as we come together as a club. The total number of meals reported at our board meeting was 1,951. If you have yet to turn in monies from the sale of tickets, please do so ASAP to either the club treasurer or Don Kirk so we can get an accurate figure on our profits. A big thank you to everyone who participated to make this a very successful fund raiser. A special thank you to our 1st VP, Lion Pat for all of her hard work in coordinating the event. And also thanks to her and Lion Roderick for assisting me in cleaning the trailer on Monday. Also, we had Capitol City and Clayton Lions Clubs assisting us. Let's remember when they call for help from the Dover Lions, we need to answer the call.

November 17th will be a special evening at the Dover Downs Hotel as the Clayton Lions celebrate their 60th Anniversary. I hope to see many of you there as we celebrate with our fellow Lions from Clayton.

The Christmas Party for the Blind will be held at the Felton Fire Hall on Thursday, December 7th beginning at 6:30p.m. The party this year is being hosted by the Murderkill Lions Club. Please mark your calendars. Once the attendee list is firmed up we will need drivers to transport the handicapped guests to and from the party. We will most likely need several drivers to help. This is a once a year event for these folks that they really enjoy. So, please help when called upon. Remember, one or two people can't carry the full load in representing the club.

The District Governors Ball will be held on December 2nd. If you plan on attending, you will need to sign up at our monthly meeting on November 20th as the deadline is NLT November 22nd. More details will be discussed at the November meeting.

HUNT FAMILY FIDDLERS ON JANUARY 27TH!!! Keep selling those tickets. They make great Christmas gifts and the price is a real bargain for an evening of top notch entertainment at the Schwartz Center.

LIONS.....WE SERVE!

Yours in Lionism,
Rich
King Lion

Diabetes Corner:

Should I wear special shoes when exercising?

Yes, you should always wear good-quality athletic shoes made for the activity you are doing. This means wearing running shoes for running, golfing shoes for golfing, and bowling shoes for bowling. Almost every sport is associated with a special type of shoe appropriate to the particular activity. These shoes are important for preventing injury. And they may help you perform better and enjoy the sport more! If you are in doubt about which shoes to wear, a good running shoe offers support and stability to protect your feet from injury.

November is American Diabetes Month!

Diabetes is a serious disease that affects the body's ability to produce or respond properly to insulin, a hormone that allows blood glucose (sugar) to enter the cells of the body and be used for energy. Nearly 21 million children and adults in the U.S. have diabetes. It is the fifth deadliest disease in the U.S. and it has no cure.

Every November, the American Diabetes Association encourages the public to learn more about diabetes and the risks associated with the disease.

Thought for the day:

LYMAN LION: If you think nothing is impossible try slamming a revolving door.

District Governors Message:

Dear Fellow Lions, Lioness, and Leos:

Is your Club suffering from the Same Old Same Old Blues? How about Shifting the Paradigm from the Blues to Purple and Gold? Is your Club instituting new or improved Community Service Activities, Fund Raisers, Meeting Changes or Public Relations Images in you local community? Is your Club considering a new Fund Raiser project to assist LCIF in raising funds for Campaign Sight First II? These are all suggestions on how your Club can get out of the Same Old Same Old Blues and Shift that Paradigm. While on our official visitations we are seeing the Power of the Shift. Clubs are excited about making changes and generating a Club Renewal Feeling. Lions are becoming more and more proud of showing their colors out in the community and letting everyone know that We are the Lions and Hear us ROAR!

Speaking of Shifting and Roaring, I am counting on the Lions of 22-D to supply between 300 and 400 registrants for the 2007 MD 22 Convention to be held at Dover Downs Hotel and Convention Center. While we will be attending the Convention, NASCAR may be conducting test runs of the Car of Tomorrow at the Monster Mile. So watch for the hotel package information to come out in December as only 150 rooms are blocked for the Dover Downs Hotel. Room rates will \$125.00 per night plus tax. So don't be like we usually do and wait until the last minute. Get those registrations in early, otherwise you may be shut out of the Headquarters Hotel.

I had the pleasure of representing the District in a new joint project with the Bank of America (formerly MBNA). The Bank of America installed 50 Eyeglass Collection Boxes at their campus just north of Newark. They conducted the collection over a fifteen-day period and collected more than 160 pair of eyeglasses. It was a nice start to a project that I would like see expanded to encompass all of their facilities in the Wilmington area as well.

When we travel on our official visitations we try to inspire the Lions of District 22-D and answer many of their questions. One question that none of our group knew the answer was the availability of alternative forms of the Lion magazine. We have since learned from Lions International that the Lion magazine is

available in Braille and also on audiotape, by request, free of charge. A large print version is not available yet, but we seem to have hit a home run on this request. Working with International Director Joe Gaffigan we may see a large print version of the Lion magazine become a reality.

There are a couple of fast approaching deadlines. The first is the submission of the Peace Posters from your Clubs to the Cabinet by mid November. The second is the submission of the Family Dues application form to Lions International by November 30.

Finally, in our official visitations we have heard discussions regarding fundraisers in a “perceived service area” of another Club or Sub-District. It is only common courtesy to seek permission of the King Lion and or District Governor of the “service area” that your Club desires to conduct a Community Service project or fundraising activity. As in life and in any relationship, good communication now, will solve many problems down the road.

Keep On Shifting!!

Keith
